**Weather:** Hi 8; Lo -10C. Mixed weather. Cold temperatures.

**Rivers fished:** Bell Irving, Nass

The Last week of fishing for the 2006 season was very good. A super run of fish coupled with mostly stable weather has made for a very good season. It was nice to finish the year on a strong note with a number of memorable days.

The Nacol brothers had a 10 hook up day on the Nass. Mac enjoyed a 5 steelhead day on the Bell. River conditions were great but the weather was getting colder and colder. Winter was on it's way. We were thumped with 3 feet of snow on 26-Oct which effectively ended the 2006 season. We hooked 40 steelhead with 5 rods in 5 days this week. See you next year!!
